STREET AND STORMWATER DEPARTMENT REPORT FOR THE MONTH OF AUGUST, 2015

1. **STORMWATER PERMIT ACTIVITIES**

- a) Eleven (11) stormwater pollution prevention plan inspections were conducted at permitted construction sites.
- b) One (1) Stormwater Individual Lot Permit was issued for a new residential construction project.
- c) Working with the SullivanMunce Cultural Center and local artists on a rain barrel design and public art program. Eight (8) barrels have been donated by the Street and Stormwater Department and once decorated the barrels will be put on public display and then auctioned-off at the upcoming Do It Again Recycled Art Market.
- d) Collaborated with the Zionsville Parks Department, Boone County Solid Waste Management District and others to hold the inaugural "Creekfest" event on Saturday, August 29th. A total of 181 people participated in the event with 90 volunteering for the stream cleanup and log jam removal. 2,000 lbs. of trash was removed from over two (2) linear miles of Eagle Creek between Elm Street Green and Turkey Foot Park.

2. **ADA/SECTION 504 COMPLIANCE**

A draft of the ADA Transition Plan has been submitted by the consultant for staff review, and minor amendments completed. It is expected this plan will be presented to the Council for adoption at the regular October meeting.

3. **FORD RD. ROUNDABOUT**

This project is nearing the completion of the next phase, which is construction of the western portion of the intersection. Upon completion of that phase, the traffic pattern will be adjusted to allow the contractor to return to construction activities on the east side of the road. Previously, a traffic plan modification had been contemplated which included the closure of Bloor Lane Monday through Friday, from approximately 9:00 am until 3:00 pm. However, this plan may be adjusted upon discussion with school officials. It is feared that an inconsistent open/close

status of Bloor Lane may be confusing to drivers. Updated information on traffic patterns will be posted to the town website, distributed through social media and potentially included in school e-newsletters.

4. **106th St. Improvement Project/Lids Entrance**

This project is on-going, and substantial completion is expected by mid-September.

5. **BLOOR LANE PATHWAY**

A meeting was held on August 26th with five (5) of the affected property owners along the north side of Bloor Lane, with Mayor Papa, Councilors Mundy and Haak, Superintendent Lantz and the engineers in attendance. The purpose of this meeting was to evaluate route options and review impediments, potential impacts and design challenges, while getting direct input from property owners on their desires for the project. An offer to dedicate a 10' strip of additional right of way from the edge of pavement along the frontage of the majority of the property owners has been received by the Town Council.

Based on the information gathered at the meeting, the designers are currently focusing their design work on a plan that will be able to provide the desired 8' pathway within the 10' parameter requested by the residents. During the walk-through, no fatal flaws were identified, but issues may arise during the design phase. If a donation of necessary right of way comes to fruition, it is likely to provide for the pathway material to be concrete as opposed to asphalt; this was one of the requests made by the property owners.

It is expected plans will be 60% complete by the end of September, at which time another on-site meeting will be scheduled with the affected property owners to review the layout before proceeding to final design.

6. **PAVEMENT EVALUATION**

USI Consultants, Inc. is nearing completion of the pavement evaluation of all public roads within the Town. During this time, the pavement engineers will be slowly driving the streets and taking pictures to document the existing conditions on the major roadways as well as all internal subdivision roads. Drivers and residents are encouraged to be courteous and allow these crews to do this important work in safety. This will be a very valuable tool and information to set the stage for future years' pavement rehabilitation projects and routine maintenance.

7. **2015 ROAD REHAB PROJECT**

This project has been awarded to Calumet Civil Contractors and all contract documents have been executed. A schedule for the work is forthcoming, but all work is expected to be completed by the end of November.

Street and pathway segments or portions included for repairs to varying degrees this year include:

- Round Ct.
- Turkeyfoot Ave. from Mulberry St. to Temple Ave.

- CR 600 S./Cruse Rd. from CR 950 S. to Ford Rd.
- CR 500 S. east of CR 800 E.
- CR 400 S. east of CR 800 E.
- CR 800 E. between CR 400 S. to CR 550 S.
- Pathway along the west side of Ford Rd. along the Hunters Glen apartments
- Phillips Place
- Colony Way
- Huntington Woods Rd.
- Huntington Woods Pt.
- Sullivan's Ridge

As the bids received were significantly below the engineers' estimate, additional paving areas will be added. However, the contractor has indicated that their schedule is very tight, and cannot increase the workload significantly beyond the contract amounts. They have agreed to work with Superintendent Lantz to accomplish as much as their schedule will permit.

8. 2015-2016 SALT PRICING

The Town has again participated in the statewide bid for winter salt, and prices have dropped from the previous season from \$94.27 to \$81.01 per ton. This is likely due to less demand during the 2014-2015 season.

9. 2015 LEAF COLLECTION

The annual curbside leaf collection for residents in the urban service district will begin on October 19th and run through the first week of December, pending the onset of snowy winter weather at which time the service will be suspended or terminated to repurpose the necessary equipment.

10. FALL 2015 BRUSH AND LEAF COLLECTION

The fall round of brush and limb collection for residents in the urban service district has been established. This information has been posted to the Town's web-site, and reminders will be provided to the Zionsville Times Sentinel as well as printed on upcoming sewer bills and is provided below.

PUBLIC NOTICE

Fall 2015 Brush & Limb Collection

The Town of Zionsville's Street & Stormwater Department will be providing curbside Brush & Limb Collection **beginning Monday, September 28, 2015**. This service provides Zionsville residents in the Urban district a means to dispose of certain pruning and yard debris. We cannot guarantee the collection unless your items are out curbside by 7:30 a.m. on your specific, designated pick-up day.

The limit on size is 6 inches in diameter and smaller. Grass clippings, leaves, decorative grass, vines, stumps, root balls, construction lumber, firewood, and wooden fencing material will **NOT** be collected. Bundling is not required. Limbs up to 6 inches in diameter may be left intact but should be no larger than can be managed by one person.

Monday Sept. 28	Village Residential Area (all) and Starkey Ave.
Tuesday Sept. 29	Sugarbush Hill, Fox Hollow, Woodlands at Irishmans Run, Hunt Club Rd., Clifden Pond, Hunt Club Village, Olde Dominion, Ford Rd.
